TREE APPLICATIONS

1	25/00958/TREE WELCOMBE	9 Avenue Road, Stratford-upon- Avon, CV37 6UW	-T1 conifer – Remove	The Town Council does not object to necessary works to trees in the Conservation Area or trees that are subject to a Preservation Order providing that the works are carried out to a high professional standard by suitably a qualified arboriculturist and the works represent good arboricultural practice. In a time of climate crisis and in order to maintain a green and ecologically diverse townscape, the Town Council does not support the removal of perfectly healthy trees but understands that sometimes the Local Planning Authority cannot prevent this from happening due to inadequate legislation. However, the Town Council would respectfully ask that applicants who propose to remove trees consider planting new trees of a suitable native species in a suitable location for future generations to enjoy.

32	25/00581/FUL Midways, School Lane, Tiddington, Stratford-upon-Avon CV37 7AJ	The Town Council maintains its objection to this proposal which was endorsed by the District Council and the Planning Inspectorate previously for the following reasons: The Town Council objects to the principle of the development on the grounds that it still represents an overdevelopment of the planning unit which would still be completely out of character and at odds with the context of the linear settlement pattern. The proposal would still cause a degradation in residential amenity for the host property and neighbouring property through reduced amenity space and overbearing effects. The modern design is still not in keeping with this part of the village.	Refusal

39	25/00120/VARY Cadley House, Kissing Tree Way, Alveston, Stratford-upon-Avon CV37 7QT	The Town Council submits an objection for the following reasons. This proposal seeks permission to create a new access for the approved dwelling. The approved drawings show the existing access serving the new dwelling so there is no need for the proposed new access. The proposed new access will clearly involve the loss of part of the existing roadside hedge and possible impact upon trees within this boundary. This can be avoided altogether by sticking to the original access arrangements. The views of the Highway Authority should be requested because the necessary visibility splays may have a further impact on the hedge and trees. The Councils landscape officer should also be consulted for their views.	Permission
