

SiB report to STC July 2025

Front Garden judging should be over now. So many thanks for all your support. SiB could not run this community event without your generous support.

This year was testing for us going around our Wards in a heat wave. The gardens have suffered from the prolonged heat and lack of rain. I think flowering is much earlier this year I hope you found one or two gardens which have cheered your ward and helped the insects.

SiB Committee has been delighted this year with our contractor, Plant Scape-Ide Verde for their great support and help

The planters and barrier boxes are looking great. In partnership with BiDs SiB has planted up 20 of the large tiered planters, which have been repositioned around the town. They are planted by our contractor on site and are beginning to look good.

The excess planters have been taken by Forest of Hearts to their site off Warwick Road to be used by them in the future.

Councillor invitations to Awards Evening will be sent out to you soon

Cllr Jenny Fradgley STC Rep on SiB Committee. July 2025E
