

A46 LED Upgrades

National Highways are upgrading the current lighting to LEDs on the A46.

The new LED lighting will be more energy efficient and require less maintenance in the future.

When will this work take place?

Work will be carried out **overnight**, between 8pm and 5am, Monday to Saturday, between 17 November and late March 2026.

In order to carry out this work safely, they'll work under a combination of full and single lane closures.

Location	Start Date	End Date	Closure Type
